**Details**

Bio-Active Peptides. Protein synthesis amplifier. Bio-Pro Bio-Active Peptides (BAP's) are cleaved protein fragments extracted from the highest grade bovine colostrum. The first ever to

utilize a highly concentrated, patented form of micro fraction BAP's, Bio-Gro signals the body to amplify the natural protein synthesis process, helping you develop lean muscle more efficiently and recover faster from intense workouts.

### **Directions**

As a dietary supplement, mix 2-3 servings of Bio-Gro twice daily in liquid (such as amino acid or pre-workout drink, or protein shake) and thoroughly agitate or blend; or mix in soft food (yogurt, oatmeal, etc.). Bio-Gro is an unflavored powder that can be taken anytime with or without food. Follow daily usage chart for optimal results.
